

# internships & co-op programs

All internship and co-op positions at ECS are **paid** positions.

Establish effective mentoring relationships with members of our professional staff.

Candidates will join the ECS team and be exposed to many facets of our business:

- Geotechnical Engineering
- Construction Materials Testing
- Environmental Science
- Building Facilities Consulting

Opportunities exist in additional areas such as:

- Marketing
- Business development
- IT
- HR
- Accounting
- Administration
