

ECS EMPLOYEE SPOTLIGHT

WHEN DID YOU START WITH ECS?

I did 3 summer internships starting in 2000 and went full time with ECS in June 2003.

WHAT POSITIONS HAVE YOU HELD WITHIN ECS?

- Field Geologist
- Project Manager
- Senior Project Engineer
- Branch Manager

WHAT CERTIFICATIONS/EDUCATION DID YOU OBTAIN TO HELP WITH YOUR CAREER?

- B.S. Geology
- M.S. Geological Engineering
- Professional Engineer (PE)
- Professional Geologist (PG)
- LEED AP

WHAT HAS BEEN THE LARGEST CONTRIBUTOR TO THE GROWTH OF YOUR CAREER WITHIN ECS?

Hard work, and a willingness to take on leadership positions perceived to be challenging, requiring a move, learning a new market and getting to know a new staff. It can be very demanding, but some of the best opportunities available to our employees at ECS are ones which require someone to go beyond (sometimes well beyond) their comfort zone. Meeting those challenges and finding success with your team can be some of the most rewarding moments of your career. They have been for me.

WHY HAVE YOU MADE ECS YOUR COMPANY OF CHOICE?

ECS is a company that rewards its employees for hard work and a job well done. We create an entrepreneurial spirit, and we promote from within, which creates a lot of opportunity for professional growth and advancement. In the grand scheme of things there's really very little in terms of politics and red tape. Our leadership understand the values which are important to focus on. If they know you're focused on those same values, they'll be hands off, and let their managers run things as they see fit.

Build your future. **APPLY NOW.**
